- VS Code
- Communication

EDUCATION

Commerce Computer Application

2 years

Don Bosce Hr. Sec. School

Percentage -68%

BCA - Computer Application

2022- 2025

University of Madras

DRBCCC Hindu college

CGPA - 6.8

CERTIFICATION

Programming in JavaScript
(online)

HTML CSS (online)

Software Testing (offline)

INTERNSHIP

INTERNEPE

2024 - web development

Internpe offers virtual internships that allow students to gain hands-on experience in various fields while working remotely. It provides opportunities to develop practical skills, complete real-world projects, and build a professional portfolio. This experience provided valuable exposure to teamwork in a professional environment.

PROFILE SUMMARY

Motivated and dedicated Frontend developer with a strong foundation in programming principles. Skilled in HTML and CSS, JavaScript. Passionate about creating efficient and reliable applications. Eager to contribute software development projects.

PROJECTS

Project - 1

Expense Tracker

(HTML, CSS, JavaScript)

- An expense tracker is a simple web app that allows users to record, categorize, and manage their expenses efficiently.
- It is built using HTML, CSS, and JavaScript, with localStorage for data persistence.
- The app provides a user-friendly interface for adding, editing, and deleting transactions.
- helping users track their spending easily and interaction in the source.

Project - 2

QR-Code Generator

(HTML, CSS, JavaScript)

- A QR Code Generator is a web app that allows users to generate QR codes for URLs, text, or other data.
- It is built using HTML, CSS, and JavaScript, with the QR Code API (or a JavaScript library like qrcode.js) to generate QR codes dynamically.
- The app provides a simple UI for input and instant QR code generation.
- This app provides a user-friendly interface helping users track their websites.
